CONNECTUC INSTALL FOR SMARTPHONES

Once the app is downloaded

Fill in the username and password which you created when you received the welcome email from support@telix.ca

The same username and password is used for login to all devices

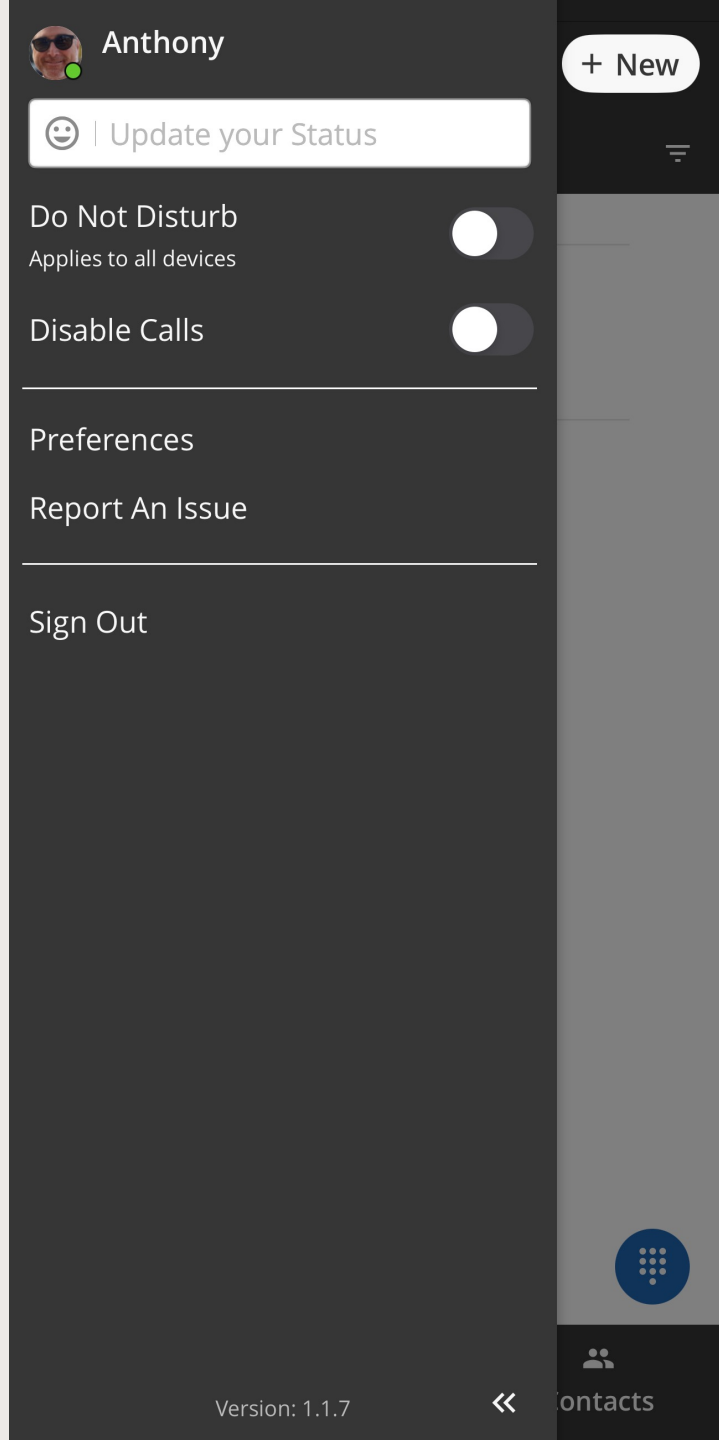

CONNECTUC INSTALL FOR SMARTPHONES

Once the app is opened you can send and receive calls.

This app mirrors your desk phone.

Caller ID will be your company not your cell service

CONNECTUC INSTALL FOR SMARTPHONES

If you click on your initials or picture in the top left of the app you will open the settings page.

At the end of the business day if you so desire you can put your phone on DND (do not disturb). Calls will then go direct to voicemail.

Don't forget to disable DND the next business day.
